

# BRYSTON

A  
BARGAIN  
PER MINUTE  
OF  
GOOSEBUMPS

Well, with my old Bryston 4B NRB sorted out for now, thanks to you, Adam I turned on the newer Bryston 4B3 for a listening session.

This was the first listen with my new 4B Cubed in my traditional setup - and was rewarded with bow to stern goosebumps, particularly on the Joe cocker "Organic" album It must've been made for the Cubed amp!

if you haven't heard it - get it! Almost as good is the Aaron Neville album "Warm your heart".

Perhaps you could tell the design folks at Bryston - and your dad - the Bryston Cubed 4B is an absolute bargain per minute of goosebumps!
