

STROKER SPEAKERS

ST65C

6.5" Stroker 2-Way Component Speaker Set

ONE SHEET

Upgrade your vehicle's sound system with the Cerwin-Vega ST65C 6.5" Stroker Series 2-Way Component Speaker Set, engineered to deliver powerful output, exceptional clarity, and legendary Cerwin-Vega performance. Designed for serious audio enthusiasts and high-performance car audio systems, these speakers combine advanced engineering with premium materials to produce loud, dynamic, and highly detailed sound reproduction.

The ST65C component speaker system features a 6.5-inch high-output midbass driver paired with a precision tweeter, delivering balanced full-range audio with impressive detail and impact. This 2-way component design separates the midrange and high frequencies, allowing for optimal speaker placement and improved sound staging inside your vehicle.

FEATURES
