PRO V4
Media Player

Delivering powerful functionality for maximum digital signage performance

The PRO V4 is a robust fully featured digital signage player that delivers on functionality:

- Environmentally friendly, ultra-low power consumption
- Landscape and Portrait Display
- Scheduled Start Up / Shut Down
- 24/7
- Auto Reboot
- 3 year warranty
- HDMI and DisplayPort Outputs

Use as stand alone digital signage or integrate with additional products from the Digital Ecosystem to create an organisation wide communications solution.
