RALLYBAR XL2

35" Bluetooth® Universal Outdoor Vehicle Soundbar with LED lights and 300Wrms amplifier

Features and Benefits

Upgraded Dynamic LED Lights That Dance to Your Beat

Brighten every ride with vivid, beat-driven lighting effects that energize your off-road adventure. Use the bottom-panel controls to fine-tune the perfect mood.

300Wrms Class-D Amplifier Built-in

The 300Wrms (THD <1%) Class-D amplifier ensures powerful, high quality JBL Original Legendary Sound when you take the wheel or helm.

IP67 Rated Water and dust Resistant

IP67 rated water resistant protects soundbar speakers from dust ingress and powerful water jets.

Multi-speaker connection by Auracast™

Expand your sound experience. Easily pair two RALLYBAR XL2 speakers for true stereo or connect multiple JBL Auracast™-enabled speakers wirelessly—perfect for larger parties or multi-vehicle setups.

JBL Legendary Sound gets an AI Sound Boost

Hit the trail with massive sound and deep, punchy bass. AI Sound Boost automatically fine-tunes your music in real time for peak power and crystal-clear performance—even outdoors at full volume.

Innovative Mounting Kits Design

The innovative mounting kits design (patent pending), offers multiple position combinations on top and back to accommodate a variety of installation requirements.

Support Bluetooth®, USB Disk and RCA Input Audio Source Play

RALLYBAR XL2 can detect the audio source automatically according to the source priority definition: USB disk >Bluetooth®> RCA-IN audio source. Higher priority source can break-in Lower priority audio source.

Lighter Build

The RALLYBAR XL2 is nearly 2 kg lighter than Gen 1, making it easier to handle, transport, and install. This weight reduction, achieved through an upgraded sound system design, delivers greater convenience without compromising durability or performance.

3 Different Gain Settings

RALLYBAR XL2 Offers 3 different Gain settings when connected by RCA audio: 2V, 4V, and 6V.
