The **KIN Play Tower II** packs a powerful punch and can be paired or connected directly to any of your sources. Say goodbye to the old school receiver or complicating wiring. Proprietary drivers ensure for a dynamic performance, phase linearity and enormous spatial presentation. Switchable Phono/Line stereo RCA, 3.5mm, two optical inputs and HDMI ARC ensures your favorite source can be connected. An amp bypass input, coupled with auto on/input sensing, enable KIN Play Tower II to be easily controlled by streaming components like Sonos and custom installation systems.

Unwavering for over 37-years, Totem Acoustic introduces "Kin by Totem" our sub brand that provides a unique portal with more accessible products. Targeted at a wider and more diverse audience, KIN offers audio solutions that are convenient, simple, versatile and with up-to-date technology. Discover your KIN · kinbytotem.com
