IMPORTANT SAFETY INFORMATION

Safety Instructions Before Using the Machine:

- 1 Please read and retain this user manual.
- 2 Do not block the speaker's ventilation openings or sound channels with objects.
- 3 Avoid using the machine at high volumes for prolonged periods to prevent damage.
- 4 Use compliant accessories, internal batteries must not be removed or replaced by the end user.
- 5 The operating temperature should be between 0°C and 40°C.
- 6 Do not expose the device to damp or high-temperature environments such as puddles, sunlight, or open flames to avoid the risk of electric shock or explosion.
- 7 Unplug the machine during thunderstorms or if it will not be used for an extended period.
- 8 Do not forcibly insert a TF card or SD card into the slot. Insert the card in the correct sequence to avoid malfunction.
- 9 Do not use any corrosive or oily cleaners to clean the machine.
- 10 To maintain the machine's performance and battery life, fully charge it at least once every three months.

CERTIFICATION AND COMPLIANCE

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1) This device may not cause harmful interference, and
- 2) this device must accept any interference received, including interference that may cause undesired operation.

FCC WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Radiation Exposure Statement(Only for speaker)

This equipment complies with FCC radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance of 20 cm between the radiation & your body.

Dongguan Aika Electronic Technology Co., Ltd. declares that this product is in compliance with Directives 2014/53EU and all other applicable EU directive requirements. The complete declaration of conformity can be found at: www.ikarao.com
