FLEXUS SUB 200
COMPACT WIRELESS 12" SUBWOOFER

Klipsch

BIG BASS, SMALL FOOTPRINT
The Flexus 12" subwoofer packs a lot of punch per square inch thanks to careful Klipsch engineering. Enjoy powerful bass with plenty of depth and musicality - without latency.

BETTER TOGETHER
Two subs are better than one. As your tastes and square footage grow, so do the demands you'll have for deep, powerful bass. By having two identical Flexus 12" Subwoofers, you'll smooth out the peaks and nulls typically experienced by a single subwoofer arrangement.

QUICK, CONVENIENT CONNECTION
Klipsch transport technology built into every Flexus product means your whole home entertainment ecosystem functions fast and efficiently. Setup is simple, latency is low and booming bass is only a cord away.

SIMPLE SETUP, SLEEK STYLE
Style matters. That's why Klipsch Flexus was meticulously engineered down to the last millimeter with premium materials, thoughtful design, and calculated engineering for a family of products to fit any space or aesthetic.

ECO-CONSCIOUS PACKAGING
We're committed to providing great sound for generations - which is why our packaging is designed to be earth-friendly, with careful consideration to minimize waste and maximize recyclability.

POWERED BY **ONKYO**
Meticulously reviewed by our engineers at sister company Onkyo, the Klipsch Flexus system passed over 1,000 rigorous tests to ensure awesome audio performance and stellar interconnectivity.
